Have Fun planting your sunflowers!

The children of Littleham C of E Primary school have been finding ways of making people in isolation smile. They have been emailing in, letters, poems, drawings, jokes and work they have been doing at home. I hope they make you smile. Well done to all of you who have planted your sunflowers. Remember to plant them along your borders....where the most people will see them!

Our sunflower challenge has been taken up by these two brothers who have really shown exceptional colouring!

My sunflower is starting to grow!

One of our school challenges for those children coming into school has been, can they make a swing out of only playdough, string and lolly sticks!

Why is Cinderella so bad at football?

Lots of delicious cooking has been happening during lockdown - carrot cake, chocolate concrete, pizza, cheesecake and chocolate cookies.....Mmm! It's making me feel hungry!

How do you stop an astronaut's baby from crying?

Into Space!

Very appropriate this week after the launch of the SpaceX craft carrying two Nasa astronauts into space & their docking at the International Space Station.

Having fun making fruit volcanoes at home with lemons, lime and oranges! The lemon worked the best!

Dear children,

Thank you all very much for the beautiful letters, pictures and poems you are sending to us who are old and are living alone. You remind us of the things we used to enjoy when we were young and lots of happy memories come back to us as we enter into all you are doing. Thank you all so much, and maybe one day you would like to hear from us.

I send love to you all, stay safe,
Margaret.

The children coming into school since the start of Lockdown rose to the challenge of painting a giant rainbow to brighten up this long fence which is on the Salterton road near Tesco. Look at this letter which the owners of the house received.....

To you All at Littleham School!

It's really appreciated.
